

BREEDING CONFIDENCE

LANTIC REGION 2025 PRODUCT GUIDE

NEXT-GEN BREEDING FOR NEXT-GEN CONFIDENCE

WE'VE GOT BREEDING CONFIDENCE DOWN TO A SCIENCE

At Betaseed, we're using advances in science to optimize the potential of every seed you plant. Our state-of-the-art breeding and testing process takes up to ten years. It's the only way to ensure the hybrid your Betaseed rep recommends has the best traits to manage disease and drive yields on your farm.

A DECADE OF RESEARCH AND DEVELOPMENT

YEARS 1-3 NEW LINE CREATION

HAND CROSS

Development of a parent with genetics for increased productivity.

SELFINGS

The first step in seed multiplication.

PARTITIONS

Production of test hybrids for early-generation decisions.

EXPERIMENTAL HYBRIDS

Production of potential candidates for official variety trials (OVT).

THE RIGHT TREATMENTS

Our sugarbeet seeds are specially treated to give them an extra layer of protection from seedling pests and diseases. In addition, the right treatment provides a wider window of opportunity for pesticide applications. Betaseed offers you unique solutions tailored specifically for your region.

LANTIC REGION SEED TREATMENTS

**BetaShield®
COMPLETE**

Thiram,
CruiserMaxx

BetaShield®

Allegiance,
Thiram

YEAR 7 HYBRID PRODUCTION

YEARS 8–10 OVT TESTING

YEAR 10

PRE-BASIC

A genetically pure increase of selected parent/breeder seed.

BASIC SEED

Seed planted to grow parents for commercial varieties.

COMMERCIAL SEED

Seed grown, processed and OVT tested to meet customer demand.

SEED DELIVERY

You plant the right variety for your farm with confidence.

VARIETIES FOR 2025

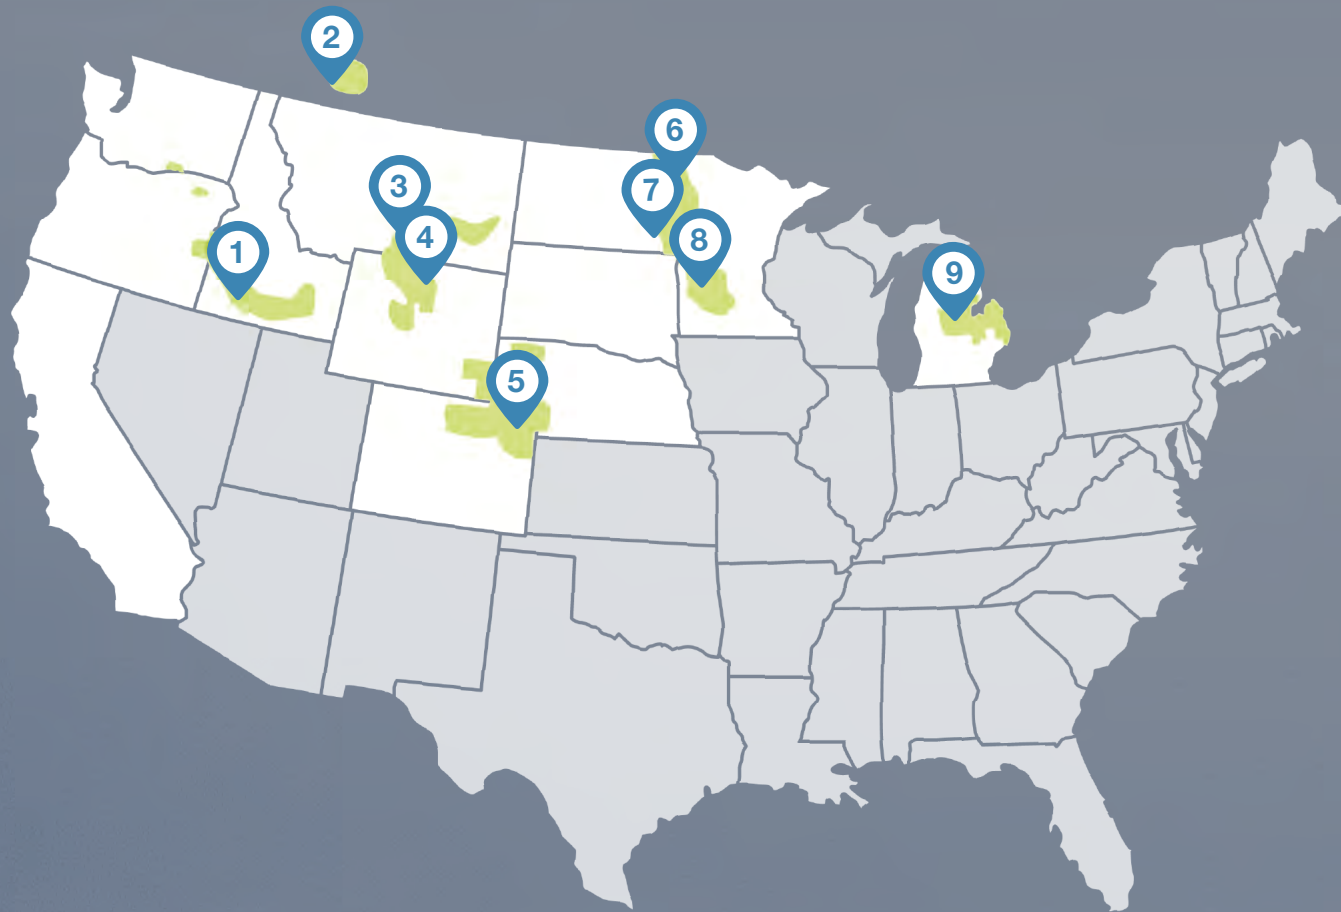

The hybrids in this guide were developed with research-driven solutions combined with our local breeding expertise to produce the industry's highest performing, most consistent seeds. Each variety was painstakingly researched, bred and tested over multiple seasons to make sure it has what it takes to thrive on your farm.

*Varieties noted as new are pending approval, please check with your sugar cooperative for updated information.

MEET THE TEAM THAT'S BREEDING CONFIDENCE IN YOUR REGION
